

In the morning we will leave our room. We will get in the lift and go downstairs.

We will walk downstairs and through the reception area.

We will go to the breakfast room. We will wait by the door.

The Breakfast worker will bring us to a table.

Then we will go to the table where all the breakfast is.

We will pick what we want to eat and put it on our plates.

We will then go to our table, sit down and eat our breakfast
