

Afternoon tea Menu

Inspired by the great traditions of London's most celebrated tea rooms, our Afternoon Tea is a classic ritual reimagined with thoughtful, modern touches. Served in three elegant layers, it begins with delicate finger sandwiches, followed by freshly baked scones with all the proper accompaniments, and finishes with exquisite patisserie crafted to delight the eye and palate alike.

Unhurried, indulgent, and perfectly paired with our tea and coffee service, this is an invitation to pause, converse, and savour a moment of timeless refinement.

Tea & Coffee Service

Our Afternoon Tea is accompanied by a carefully selected tea and coffee service, designed to complement each layer of the menu. From classic blends to aromatic infusions and freshly brewed coffee, each cup is served at a relaxed pace, encouraging guests to linger and enjoy the moment.
